Animal Feed Science and Technology 70 (1998) 379–381

ANIMAL FEED SCIENCE AND TECHNOLOGY

Contents of *Animal Feed Science and Technology*, Volume 70

VOL. 70 NOS. 1–2 **DECEMBER 1998**

Lower lipid oxidation in the muscle of rabbits fed diets containing oats
C.J. Lopez-Bote, M. Sanz, A. Rey, A. Castaño and J. Thos (Madrid, Spain) 1

Factors affecting degradation of barley straw in sacco and microbial activity in the rumen of cows fed fibre-rich diets II: The level of supplemental fishmeal
N.P. Stritzler (Tjele, Denmark), J. Wolstrup (Copenhagen, Denmark), B.O. Eggum and B.B. Jensen (Tjele, Denmark) 11

Characteristics of neutral detergent-soluble fiber fermentation by mixed ruminal microbes
M.B. Hall (Gainesville, FL, USA), A.N. Pell and L.E. Chase (Ithaca, NY, USA) 23

Validation of in situ nitrogen degradation measurements: comparative proteolytic activity of solid-adherent microorganisms isolated from rumen content and nylon bags containing various feeds
B. Michalet-Doreau and P. Nozière (Champanelle, France) 41

Chemical composition, organic matter digestibility and gas production of nine legume grains
J.M.F. Abreu and A.M. Bruno-Soares (Lisboa, Portugal) 49

Physical quality of pelleted animal feed 3. Contribution of feedstuff components
M. Thomas, T. Van Vliet and A.F.B. Van der Poel (Wageningen, Netherlands) 59

Promising tropical grasses and legumes as feed resources in Central Tanzania. III: Effect of feeding level on digestibility and voluntary intake of four grasses by sheep
R.N. Mero (Arusha, Tanzania) and P. Udén (Uppsala, Sweden) 79

Promising tropical grasses and legumes as feed resources in Central Tanzania. IV. Effect of feeding level on digestibility and voluntary intake of four herbaceous legumes by sheep
R.N. Mero (Arusha, Tanzania) and P. Udén (Uppsala, Sweden) 97

Promising tropical grasses and legumes as feed resources in Central Tanzania. V. Effect of supplementing *Cenchrus ciliaris* hay with leaves from four legumes on intake and digestibility by growing Mpwapwa bulls
R.N. Mero (Arusha, Tanzania) and P. Udén (Uppsala, Sweden) 111

Responses of growing turkeys to the dietary inclusion of inedible pasta and unextruded and extruded biosolids from milk processing
J.E. Williams, R.L. Belyea, F.H. Hsieh and J.D. Firman (Columbia, USA) 123

Effects of inclusion of full-fat sunflower kernels and hulls in diets for growing broiler chickens
I. Arija, A. Brenes, A. Viveros and R. Elices (Madrid, Spain) 137

Performance response of lactating and growing rabbits to dietary threonine content
J.C. De Blas (Madrid, Spain), E. Taboada (Orense, Spain), N. Nicodemus, R. Campos, J. Piquer (Madrid, Spain) and J. Méndez (Orense, Spain) 151

Comparison of metabolic activities between *Piromyces citronii*, an equine fungal species, and *Piromyces communis*, a ruminal species
V. Julliand, C. Riondet, A. De Vaux, G. Alcaraz (Dijon, France) and G. Fonty (Saint-Genès-Champanelle, France) 161

Book Reviews

Animal Feed Formulation: Economics and Computer Applications 169
Principles of Protein Nutrition of Ruminants 171
Voluntary Food Intake and Diet Selection in Farm Animals 173

VOL. 70 NO. 3 **FEBRUARY 1998**

Growth performance and gut function of piglets weaned at four weeks of age and fed protease-treated soya-bean meal
J.A. Rooke, M. Slessor, H. Fraser (Aberdeen, UK) and J.R. Thomson (Penicuik, UK) 175
Evaluation of compulsory declaration of crude protein in feed mixtures for poultry
T. Soevik (Bergen, Norway) 191
Effects of adherent *Lactobacillus* cultures on growth, weight of organs and intestinal microflora and volatile fatty acids in broilers
L.Z. Jin, Y.W. Ho, N. Abdullah, M.A. Ali and S. Jalaludin (Serdang, Malaysia) 197
Prediction of the digestible crude protein and protein digestibility of feed ingredients for rabbits from chemical analysis
M.J. Villamide and M.J. Fraga (Madrid, Spain) 211
Factors affecting degradation of barley straw in sacco and microbial activity in the rumen of cows fed fibre-rich diets. III. The amount of supplemental energy
N.P. Stritzler, B.B. Jensen (Tjele, Denmark) and J. Wolstrup (Copenhagen, Denmark) 225
The effect of a lactic acid bacterial inoculant on maize silage
R. Meeske and H.M. Basson (Irene, Republic of South Africa) 239
Escape protein supplementation of growing steers grazing stargrass
J.A. Ramos, G.D. Mendoza M., E. Aranda I., C. Garcia-Bojalil, R. Barcena G. and J. Alanis R. (Montecillo, Mexico) 249
Nutritional evaluation of cattle manure silage with molasses for ruminants
A.M.M. Martínez-Avalos, G.D. Mendoza, M.A. Cobos, S. González, C.M. García-Bojalil and R. Bárcena (México, Mexico) 257
Ileal and total tract digestibility of leucaena meal (*Leucaena leucocephala* Lam. de Wit) in growing pigs
J. Ly, J.L. Reyes, M. Macias, V. Martinez, P.L. Dominguez (La Habana, Cuba) and R. Ruiz (Bauta, Cuba) 265

Short Communication

Effects of extruded diet on the productive performance of weaning and post-weaned calves
X. Serrano, M.D. Baucells, A.C. Barroeta and F. Puchal (Barcelona, Spain) 275

VOL. 70 NO. 4 **15 MARCH 1998**

Lamb production and feed intake in relation to degradability characteristics and metabolisable protein content of dried subterranean clover diets
K.S. Nandra (Armidale, NSW, Australia), J.G. Mulholland (Wagga Wagga, NSW, Australia), A.W. Jones (Camden, NSW, Australia), G.B. Scott and N.E. Coombes (Wagga Wagga, NSW, Australia) . 281
Evaluation of Magadi soda-treated sorghum grain for young broilers
C.M. Nyachoti, J.L. Atkinson and S. Leeson (Guelph, ON, Canada) 295
Variation in the nutritional value of leaf and stem fractions of nineteen leucaena lines
M. Karachi (Tabora, Tanzania) 305
Laser-induced fluorescence (LIF) spectra of herbaceous and woody pre- and post-digested plant material
D.M. Anderson, E.L. Fredrickson (Las Cruces, NM, USA), P. Nachman (White Sands, NM, Las Cruces, NM, USA), R.E. Estell, K.M. Havstad and L.W. Murray (Las Cruces, NM, USA) 315
The prediction of intake potential and organic matter digestibility of grass silages by near infrared spectroscopy analysis of undried samples

F.J. Gordon, K.M. Cooper (Hillsborough, Northern Ireland), R.S. Park (Belfast, Northern Ireland) and R.W.J. Steen (Hillsborough, Northern Ireland) 339
Effects of β-glucanase supplementation of barley diets on growth performance of broilers
B. Yu, J.-C. Hsu and P.W.S. Chiou (Taichung, Taiwan) 353

Short communication
The effect of processing of *Chlorella vulgaris*: K-5 on in vitro and in vivo digestibility in rats
H. Komaki, M. Yamashita, Y. Niwa (Fujisawa, Japan), Y. Tanaka, N. Kamiya, Y. Ando and M. Furuse (Fukuoka, Japan) 363

Book reviews
Poultry Production 367
Proceedings of the Society of Nutrition Physiology 368

Announcement 371
